

### **Background Check Policy**

- If TCCHE is listing classes under the “Class Registration” tab and that teacher is collecting payments those background checks will be verified through TCCHE.
- Organizations listed under the TCCHE website such as Classical Conversations, Freedom Christian Learning Center and SCCHE maintain their own background checks. For example, CC is a national organization that provides their own checks on all tutors and directors.
- Individual teachers listed under the activities tab and/or class registration are required to submit to the TCCHE background process.
- TCCHE is attempting to provide due diligence on leaders and teachers. The TCCHE leadership team has individual background checks on file also.
- Our role is not to provide background checks on individual parents that offer programs such as individual classes or book clubs. A background check service is available through TCCHE for a minimal fee of \$15.95.
